A discussion of Katherine J Cramer's "The Politics of Resentment: Rural Consciousness in Wisconsin and the Rise of Scott Walker." Cramer explores the political dynamics of rural areas in Wisconsin, analyzing the impact of economic disparity and political mobilization among rural residents. The book delves into the complex interactions between rural communities and the political landscape, examining how economic factors and social orientations influence political outcomes. Through detailed case studies and empirical research, Cramer highlights the significance of rural consciousness in shaping political behavior and policy decisions. The book is a comprehensive analysis that offers insights into the evolving political landscape of rural America.
